100 MEN BANQUET

REV. WARD SPECIALIST IN MEN'S WORK IN SUNDAY CAMPAIGN SPEAKS

Rev. Dr. Isaac Ward, of Philadelphia, specialist in men's work, in connection with the Billy Sunday movement, last evening addressed the members of the Mens' Bible class, composed of men of the churches of Glendale, Casa Verdugo and Tropico, at a banquet tendered them at the First Methodist church by the young women of the church, as a preliminary to the approaching Billy Sunday campaign. The supper was given in the spacious banquet room, and over a hundred men sat down to partake of the many good things. The affair was entirely in the hands of the ladies, twenty-six in all doing the honors, with Mrs. Ed. Lee in charge of the kitchen, and Miss Collins in charge of the banquet room. A. G. Lindley, president of the Brotherhood of the church, occupied the head of the table, and an enjoyable hour preceded the serious address of the evening.

Like all who are engaged directly in the Sunday movement, Dr. Ward spoke with great earnestness on the work that may be accomplished by Christian men among their fellows, and urged the need of men in religious work. Dr. Ward interspersed his address with a number of pointed anecdotes which had a marked effect upon his audience.

He called attention to the Christian's standing in the community. He was the equal of any one, he even stood at the top, for he was the prince among men, the Son of the King of Kings. The Christian stood for something, for the spirit of Christ, and it was this spirit that he carried about with him in his coming and going among his fellow-men. This was his mark, and it was the mark that gave him his standing, his pre-eminence among men, for it was the mark of God.

The speaker devoted a large part of his time to the question of how to combat the evils of the saloon, giving numerous instances of how mne had been rescued from the curse and become sober and clean-living members of society. There were various ways of approaching the work, looking to the reformation of those addicted to drink, to the reformation of any one still in an unregenerate state; but three things were essential: first, a definite aim; second, enthusiasm, and third, tact. In order to accomplish anything of any permanent value, it was necessary that one should have a definite aim, that he should concentrate his forces, in place of dissipating them, that he should shoot straight, if he would ring the bell for Christ. Then enthusiasm was as necessary as a definite aim; the one, in fact, was dependent upon the other. To accomplish anything worth while, one must have enthusiasm; he must throw his whole heart and soul into his work; then he may look for results. But to have enthusiasm and make his definite aim count, he must first be filled with the spirit of Christ, and when this is the case, nothing can stand in his way. But however valuable enthusiasm was, it should not be a blind force. It should be guided by tact. In approaching men, it was necessary that some judgment should be used, some tact, which was only another name for intelligence. But men could always be met as men, and spoken to as you would speak to them about the ordinary affairs of life. It was the direct appeal that was the most effective.

At the close of his address Dr. Ward advised the members of the Men's Bible Class to make their reservations at once for the Billy Sunday meetings.

BRITISH AMBULANCE

The regular business meeting of the Glendale branch scheduled for the first Monday in every month will not take place next week as so many members will be away for the public holiday. The work room will be open, however, and all who wish to sew or make bandages are earnestly entreated to come forward, as there is a quantity of work prepared and some of it can be taken home by those who prefer it. Notice is also given that the afternoon tea in "Ye Ginger Tavern" will not take place next Monday as all the hostesses are away, but on the following Monday. September 10th, the teas will be resumed, Mrs. Hugh Blue being the hostess on that date, Mrs. J. C. Sherer on the 17th and Mrs. Arthur Campbell on the 24th. Further details will be given later. The initial affair last Monday was most enjoyable and successful and the management is much encouraged thereby.

THREE GOOD SELLERS

THE MAXWELL, CHANDLER AND HUPMOBILE ARE LAW AND GOSPEL TO CLAYTON

The Maxwell, the Hupmobile and the Chandler. These three, and no others.

George E. Clayton, of 443 South Brand boulevard, sums up the law and the gospel of business in the practical issue.

Why would he rather sell these three automobiles than any others? Listen to his answer: "Because they are good sellers." In that answer you get at his philosophy.

All automobile handlers will tell you more or less the same thing: that the automobiles they sell are the best in the market at the price, and popular among those who know a good automobile because they stand up to their work. But when you remind Clayton of this, he pulls the official statistics on you.

Still, all the man up a tree can go by is what he sees, and the use he can make of it. And if he is no sharp himself in the automobile line, he will do well to confine his seeing to the man, rather than the article. The man is always something of a mirror of how things are going, and all you have to do is to behold the mirror.

When you see a man easy, satisfied with everything, himself included, pleased to talk and pleased to be silent, with the smile handy in either instance, but never wholly absent, and who gives you a sense of sunshine, whether the sun is on deck or not, he is selling and the sales are satisfactory.

But you may have noticed that automobile men have a certain atmosphere about them, a certain something that the business has given them, or that may belong to them, and that of course you must discount in the scrutiny. But truth itself will never down, and the ledger is revealed in the countenance in the off moments, when it does not remain an open book.

Clayton talks about the Maxwell, the Hupmobile and the Chandler as though they were cousins of his and he was immensely pleased at the friends they have. But one must get that sort of feeling, for the automobile can appear very human at times.

ANNIVERSARY FLOWER SHOWER

The high esteem and regard in which Mr. and Mrs. W. C. Stone, 808 Lomita avenue, are held by their friends was shown on Wednesday evening when a number of their immediate neighbors called and gave them a flower shower on the occasion of their wedding anniversary. Mr. Stone has been seriously ill for some time and it was very gratifying that he has so far recovered as to be able to enjoy this little attention on the part of his neighbors. The flowers were very beautiful, one especially of purple and white asters, the Elks' colors, of which order Mr. Stone is a member. Carnations and asters in profusion were also presented.

Those who offered their congratulations on this anniversary were Mr. and Mrs. F. H. Vesper, Mr. and Mrs. Naudain, Mrs. Fanny Stockbridge, Mrs. Dora Glazier, Mrs. Roth and Mrs. S. Delgardo.

PRESBYTERY MEETING

The Federated Aid Societies of Los Angeles Presbytery held an all-day meeting and luncheon at Santa Monica Thursday. A number of ladies from Glendale were in attendance and enjoyed the fine addresses, of which there were several. The ladies of the Presbyterian Church of Santa Monica served luncheon. About three hundred were present. Among those present from Glendale were the following ladies, who motored down with Mrs. A. D. McCoy and Mrs. M. P. Harrison: Mesdames W. S. Carmichael, C. Hood, L. W. Sinclair, A. Vander Voort, and Miss Rachael Sherer. Mr. Harrison and Miss Inez Harirson, Mrs. Roy D. King and little daughter Barbara, Mrs. Grace Harrison and Mabel and William Harrison were also of the party and enjoyed a luncheon on the beach.

STILL THEY COME

C. H. Thompson, the real estate operator, 317 South Brand boulevard, has received letters from families in Wisconsin and Iowa, that he met last winter in Glendale, stating that they have decided to return to Southern California and to locate in Glendale, and asking Mr. Thompson to look up something desirable for them, either for rent or for sale.

The committee reported favorably on the bill to restore American citizenship to men who enlisted in the British and French armies before the United States entered the war.

ITALY CONTINUES TO PUSH AUSTRIANS

WITHIN TWELVE MILES OF TRIESTE AND PREPARING FOR FINAL DRIVE ON AUSTRIAN SEAPORT

(Special Service to Glendale Evening News)

LONDON, August 31.—Italy continues her attack on three Austrian fronts, but otherwise there is a lull in European fighting zones. The Austrians on the Bainsizzia plateau have been reinforced and strong counters have been thrust at the Italians. The battle line has been pushed within twelve miles of Trieste with indications that Italy is preparing for a final drive against that port.

U. S. READY FOR SUBMARINES

ATTEMP TO INCREASE U-BOAT FRIGHTFULNESS WILL BE MET WITH NEW AMERICAN INVENTIONS

(Special Service to Glendale Evening News)

WASHINGTON, August 31.—Any German attempt to increase submarine frightfulness against the United States will meet with new and vigorous measures from this country. Devices for detecting the approach of submarines, the use of smokeless coal, camouflage, depth bombs and other new American inventions will check the Kaiser's revengefulness, officials believe.

(Special Service to Glendale Evening News)

TO CONCENTRATE ON U-BOAT CAMPAIGN

FAILING TO INFLUENCE AMERICAN OPINION GERMANY WILL CONTINUE SUBMARINE WARFARE

(Special Service to Glendale Evening News)

ROME, August 31.—Intense concentration of submarine warfare against the United States as well as England may be one of the results of President Wilson's declination of the Pope's peace plans. Diplomatic circles believe the Central powers are aiming through so-called democratic decrees and discussions to influence American public opinion that Germany is democratizing herself. Wilson's reply is an evidence that they fail in this. The next step is the outbreak of the U-boat terror against the United States and the Allies.

PEOPLE'S COUNCIL HOES HARD ROW

MINNEAPOLIS, August 31.—The orphaned People's Council, the pacifist organization, was disowned by the middle west, where they were making plans to hold a peace conference.

PLEASANT LUNCHEON — REV. O'NEILL ENCOURAGES COMMUNITY SINGING

The young married ladies class of the First Baptist Church met at the home of their teacher, Mrs. W. J. Sanford, 117 North Maryland, Thursday. The day was very profitably spent in work and pleasure. An excellent luncheon was served between the beautiful pepper trees. Mrs Eddings, who was the honored guest, told of the work of her son and daughter, Mr. and Mrs. Van Vleck Eddings, who are missionaries in South America.

TO DISCUSS GAS OWNERSHIP

The Board of Trustees has called a public meeting to be held Thursday evening, September 6, in the council to discuss the question of the city's acquiring the existing gas plant with a view to establishing municipal ownership.

ENCOURAGES CONCERTS

Father O'Neill of the Holy Family Catholic Church, said to Walt. Le Noir Church, secretary of the Chamber of Commerce, that he had announced the proposed Saturday night open-air concerts for community singers, and that he would hear from some of his singers. Father O'Neill told Mr. Church that he personally takes a great interest in the patriotic movement.

Mrs. Dora Gibson, teacher of music at the Glendale Union High School, has consented to take charge of the singing on Saturday, September 8. The concerts will be given at the city band stand, adjoining the Evening News building, corner of Broadway and Louise street.

TROPICO RED CROSS

The Tropico Branch of the American Red Cross will hold an exhibit and reception next Thursday evening, September 6, at the headquarters in the city hall at Tropico. There will be on exhibition the completed garments and all work which has been done by these patriotic women during the past few months. The work of the knitting classes will also be an interesting feature of the exhibit. These classes have been very popular and under the direction of Mrs. Ryerson have made good progress.

There will be a good program. Mr. Wm. Hush, of San Francisco, representing the Red Cross field secretary, will speak. Miss Small Page, of Los Angeles, will speak of the work in Europe, where she has been and has seen it actually in operation. Dr. Henry R. Harrower will sing the Marseillaise and the Belgian national anthem. There will be light refreshments for sale. All are cordially invited to attend.

LAWLESSNESS IN SUNLAND

Sunday a truckload of people from Los Angeles brought their beer and came to spend the day in the park. Instead of enjoying the beautiful shade of the park, they immediately started to "paint the place red," as they expressed it, taking possession of the nearby orchards and not only eating the fruit but destroying it by throwing bunches of grapes at each other and otherwise destroying fruit. Mrs. Bates, who lives near the park, stood it as long as she could, and then telephoned to the authorities in Los Angeles but could not get any satisfaction, as they refused to send any one up, as they said it was out of their jurisdiction. Now, it seems to me Sunland should have some one to protect its property from such unprincipled parties, and it should be attended to at once. Such actions as these people went through was a disgrace and a shame for a public place.— Sunland Correspondent.

WHO WOULD NOT FIGHT?

Who would not fight for freedom?
Who would not man the guns?
Who would not up and rally
When the Nation calls her sons?
Think of those fallen heroes!
Think of our foe's foul cause!
Think of the pledge of the noble dead
And stand by freedom's laws!
Who would not fight for freedom?
Who would the cause forsake?
With truth and justice bleeding
And all our hopes at stake!
You know your country needs you
To fight or work or pay!
Then ready all to do the right
In freedom's caues to-day.
From the heart of our great nation
To the lands beyond the sea,
There lives the same proud spirit
To maintain our liberty.
May the nation live forever!
May the muse of history tell
That we were Yankees to the core,
And did our duty well!

TRUSTEES' MEETING

DISCUSS RECENT DECISION OF R. R. COMMISSION IN GAS RATE CASE

The Board of Trustees met in regular session at the City Hall at 8:10 p. m. August 30, 1917. All members present at roll call.

The minutes of the last regular meeting were read and approved.

On motion of Trustee Muhleman, it was ordered that the bids received for supplying the Public Service Department with one motor runabout and one motor truck, be opened, read and publicly declared. On motion of Trustee Grist, the bids were referred to the Manager of the Public Service Department.

Communication was read from James H. Wood requesting the withdrawal of his signature from the petition asking for the improvement of Milford street between Brand boulevard and Central avenue. On motion of Trustee Jackson, the same was ordered to be received and filed.

A communication was read from Jeanne Colas addressed to F. H. Lowe, City Recorder, demanding the return to her attorney of the sum of $10.00 paid into the Recorder's Court on the 20th day of April, 1917, on account of the case having been reversed by the Superior Court. On motion, it was referred to the City Attorney.

A communication was read from W. A. Sawyer of the California State Board of Health addressed to the Chairman of the Board of Trustees, calling attention to the forthcoming annual meeting of the League of California Municipalities to meet at Santa Rosa the week of September 24th next, urging that the members of the Board and the City Health Officer be present on that occasion. On motion, the communication was ordered filed.

A communication was read from the Mayor of the City of Santa Rosa, inviting the attendance of the municipal officers of the City of Glendale at the meeting of the League of California Municipalities, September 24th next. On motion, the same was ordered to be received and filed.

A communication was read from Mrs. Laura Schick and other citizens of Tropico, notifying the trustees that it is their intention to circulate and file in the City of Tropico, a petition asking the Board of Trustees in that city to call an election for the consolidation of the City of Tropico with the City of Glendale. On motion, the communication was ordered to be filed and the matter referred to the City Attorney.

The City Manager read a number of replies received from Southern California Municipalities to whom he had written in reference to the action of the Railroad Commission in raising gas rates.

In connection with this matter, Mr. Hartley Shaw, City Attorney, and Mr. Peters, President of the Board of Trustees of the City of Tropico, who were present, spoke briefly. City Attorney Evans made a brief statement explaining the situation, particularly in reference to the history of the case.

The City Manager presented a copy of a letter which he had addressed to the Railroad Commission in reference to this matter, signed by himself and the Manager of the Public Service Department; also a copy of resolution which he recommended be adopted, and upon motion, the resolution was ordered to be read and upon being read, was, on motion of Trustee Muhleman, adopted.

Mr. Wilmot Parcher and other citizens of Sunland and Tujunga were present and the former addressed the Board in reference to a proposition to establish a limited auto bus service between their settlement and Glendale for the special accommodation of the pupils of the high school. They explained that this service will not be in the "common carrier" class, and desired that the City of Glendale exempt the service from payment of any license fee. The City Attorney advised the Board that the claim of the committee was correct and that no license would be collectible under the city ordinance.

A communication was read from Mr. Wm. Wood stating that he is the owner of eleven shares of water stock, that his ranch is located approximately 250 feet west of the west city limits on Broadway, and making application to have the City of Glendale receive this water with its own and distribute the same to him through a meter set inside the city limits, allowing him to connect his own pipe line to the same without any cost to the city, and requesting that water be furnished him in that manner at the same price charged citizens of Glendale who own stock in the water company. On motion, the communication was ordered filed.

Reasonable Reasons

are easy to accept and believe. That is why it is easy for you to believe that the Glendale Grocerteria is where you ought to buy your Groceries and Meats—because it is the place where you can get the greatest value out of every dollar you spend.

The Two Reasonable Reasons

are these (and they leave no room for argument).

WE BUY AT A MINIMUM CASH PRICE, and WE SELL at a MINIMUM OUTLAY of expense—our customers getting the benefit both ways.

The Grocerteria Plan

is the MOST ECONOMICAL SYSTEM known upon which to conduct a grocery business, because it eliminates absolutely every item of unnecessary expense.

Our CO-OPERATIVE buying, through the Los Angeles Grocery Co., of which we are a member, gives us the buying power of

88 STORES

That is one man buys for cash in quantities large enough to supply 88 stores. We are thereby able to command Highest Quality and Lowest Prices.

OUR BUYER always looks for QUALITY first, and then the quantity gets the price—For example on the item of White Laundry Soap, we wanted the very best this country affords, so our buyer went to PROCTOR & GAMBLE, the old reliable makers of IVORY SOAP, and not only bought small Ivory so we can sell it at 5c PER BAR, and their large Ivory at 3 bars for 25c, but by buying not hundreds, but thousands of cases of their BOB WHITE LAUNDRY SOAP, he got a price which enables us to sell this Highest of Quality of Soaps at

4½c per bar.

THE SAME REASONABLE REASONS hold good on Coffees, Shortenings, Butter and Sugar, in fact through our entire stock.

We have no cheap tables or bargain windows—but WE HAVE PRICES and QUALITY right down the line which will make you a regular visitor.

SUNDAY'S CHARACTERISTICS

Religion is still the one thing that gets nearer to the center of human interest than any other theme. Did you ever hear of the eloquence of Clay or Webster keeping thousands of people coming through a period of eight weeks? Billy Sunday's love for the Christ does it and helps transform the lives of a multitude. God and the Bible are powerful allies when fully accepted. Sunday aims high for others as well as for himself, but when he hitches his wagon to a star he is careful to keep the wheels on the ground.

Those who have known him best declare there is not a drop of mercenary blood in his veins. When a man preaches over one hundred sermons with every fibre of his being, isn't the last day's collection coming to him? He has given thousands in a quiet way to struggling widows, to ambitious college students, to all kinds of missionary work at home and abroad. Where is the man that will throw down a thousand a month and accept 80 per as a Y. M. C. A. worker? That's what Sunday did as a baseball man years ago, and when you hear his message at the Tabernacle, you'll find him a "fielder" and no "shortstop." If Sunday's language is strong for you, read the 23rd chapter of Matthew and note what Jesus said to the hypocrites.

Much preaching goes over the head, but he talks in the language of the masses and "gets next" to men of all types. Prominent lawyers, doctors and business men are among his converts. He is essentially a man's man. Ten men are won to one woman. He is a logical reasoner and seldom arouses tears, but often laughter. His is a joyful religion and although a man of 55, he has the happy boyish face of youth.

When at home in his modest bungalow, he is transformed into a quiet, unassuming person, who romps with his boys, pets his dog, and makes a companion and chum of his wife. He lives his religion.

"Any time is God's time" with Sunday. Let us get busy and do our part in the great campaign for bettering numberless lives for time and eternity. "Get right with God."

MRS. ZETTA GIBBONS.

CITY TRUSTEES.

(Continued from page 1)

A report was presented from the City Manager to the effect that in accordance with the provisions of Resolutions No. 950, 954, and 955, certain nuisances as specified therein upon lots and lands described in the same, had been abated. On motion, the report was received and ordered to be filed.

A report was read from the City Manager, Building Inspector and Fire Chief, stating that upon the invitation of Mr. Kimlin, Manager of the Glendale Sanitarium, they had inspected the installation of additional fire escapes, exits, etc., which they as a committee had recommended should be installed, and find that these recommendations had practically all been carried out. The report commended the spirit of co-operation shown by the Management of the Sanitarium in so willingly carrying out the recommendations offered by the Committee. The report further stated that notwithstanding the recent installation of a larger water main on Third street, which adds greatly to the volume of water available at the sanitarium, the city's present fire fighting facilities are entirely inadequate to cope with such a fire as might occur in buildings of the size and nature of the sanitarium, or in fact any other large business building in the city, and expressing the hope that means will soon be provided to increase the equipment of the Fire Department. On motion of Trustee Muhleman, the report was accepted and ordered to be filed.

Trustee Woodberry made a motion, which was adopted, that the public be especially invited to participate in the discussion of Municipal Gas Ownership in the City Council Chamber next Thursday evening at eight o'clock.

The City Manager made a report in reference to septic tanks, to the effect that he had communicated with Mr. Hoyt of the Skeats Sewerage Disposal Company in regard to the septic tank at the George Junior Republic, and that the latter had replied informing him that this tank is identical with the one recently inspected by the Glendale Committee at the Otis place. Mr. Hoyt reports that there is a septic tank very similar to the one he proposes for the City of Glendale at the City of La Jolla, which has been in operation for ten years or more, and that there are two or three of the same type installed at the City of San Diego.

A communication was received from the City Manager stating that one of the parcels of land to be acquired in connection with the change in location of the Verdugo Wash Channel, belongs to Mr. A. R. Walker; that the City of Glendale owns the present wash channel opposite Mr. Walker's property. Mr. Walker is willing to make an exchange and suggests that the valuation be fixed by a Board of Arbitration, of which board the City shall appoint one member, and he the second, the two to appoint a third. The City Manager recommended that Mr. J. F. Lilly be appointed as a member of the Appraisement Committee to represent the city. On motion of Trustee Grist, the recommendation of the City Manager was approved and ordered filed, and the City Manager instructed to secure the services of Mr. Lilly as recommended .

A communication was read from the City Engineer in reference to certain protests filed on August 27th last against the improvement of Milford street from Central avenue to Brand boulevard. The communication quoted that portion of the Vrooman Act which states that written objections to such improvements may be filed within ten days after the expiration of the time of publication, and posting of notice. The posting of the notice in this case, was made on August 15th; therefore, the protests were filed too late to act as an effective barrier to the work in case the trustees desired to proceed with it. It was further stated in the communication, that the expenditures already made by the city in the matter amount to probably $25.00, and the Engineer condemned the action of citizens in petitioning for such improvements unless they are afterwards willing that the work shall go ahead. On motion of Trustee Jackson, a hearing in this case was set for eight o'clock p. m., Thursday, September 13th.

The Superintendent of the Public Service Department made a report on bids for supplying his department with motor vehicles, recommending the acceptance of the bid of the Ford Agency in Glendale to supply one Ford runabout F. O. B. Glendale and one ton motor truck, F. O. B. Glendale. On motion of Trustee Grist, the recommendation of the Manager of the Public Service Department was concurred in as to both machines, and the purchase ordered to be made.

In reference to the communication addressed to the Board by certain citizens of Tropico on this date, the City Attorney presented a resolution, which was ordered to be read, and upon being read was adopted as Resolution No. 968, "A Resolution of the Board of Trustees of the City of Glendale acknowledging receipt of notice given by certain electors of the City of Tropico."

The City Attorney reported in reference to instructions given to him by the Board at a former meeting, that he had conferred with Engineers Willis S. Jones and Frank Gillelen, both of whom are capable experts on water matters, and whose services he had secured for the city in the case involving the Verdugo Canyon water and the protection of it from pollution.

The City Manager made a recommendation that the salary of the City Manager's assistant be increased to $65.00 per month, and that the salary of the Assistant to the Treasurer be increased to $70.00 per month. The recommendation of the City Manager was approved.

On motion, Ordinance No 313, "An Ordinance prescribing certain rules for regulating traffic upon the public streets in the City of Glendale and repealing Ordinance No. 222 of said city," was taken up for third and final reading, and upon being read, was on motion of Trustee Grist, adopted by the following vote: Ayes: Grist, Jackson, Muhleman, Thompson, Woodberry.

On motion certain demands were ordered paid.

The Manager of the Public Service Department brought up the question of charges to water consumers outside of the city limits. The matter was informally discussed, but no action taken.

Adjourned.
